## SPRING CLEANING

By Amy Mutch

SBIC is pleased to announce Dale Thompson, Assistant Chief of Sanitation, as guest speaker at our next community meeting. The SBIC survey listed trash/sanitation as one of the major neighborhood concerns. We are responding to YOU in having Dale come and address these issues.

For those that prefer action over talk we have 2 cleanups scheduled in April. The Mayor's "Super Spring Sweep Thing" is Saturday, April 22nd. We will be organizing at the corner of W. Fort and S. Charles between the hours of 8am and 1pm with all the necessary supplies. The following Saturday, April 29th our cleanup and dumpster will be located at the corner of Light and Heath Streets (Thomas Johnson Elementary) between 8am and 12 noon. Please join the effort!!

To those of you who DON'T LITTER or work individually by cleaning and maintaining your own property the sanitation committee salutes you. We love to walk by a house/block and say "move on, we aren't needed here"!!

Baltimore City offers a hazardous waste disposal program. The upcoming date is Saturday and Sunday April 29 & 30. The location for the drop-off is Polytechnic Institute at Cold Spring Lane and Falls Road. Examples of hazard waste are: tires, paint, propane, Freon (air conditioners, refrigerators), batteries.

## **PRESIDENT'S CORNER**

**By Shani Ahearn**

Every year I anxiously look forward to the arrival of spring in South Baltimore and then, when it comes, I always kick myself for forgetting how truly remarkable it is. Fortunately, the neighborhood has many ways of forgiving me – the crocuses and daffodils, the re-appearance of joggers, the first stirrings of spring cleaning. All of these things tell me that the days of stoop (or step) sitting with ones' neighbors, barbecues, community block parties, and the return of the Sunday morning Farmer's Market are fast-approaching and I truly realize how much I missed them.

With the arrival of warmer weather comes renewed warmth in our neighborhood. Residents join together to work on outdoor projects, like sprucing up the sitting park at Light & Heath Streets and helping the Youth Council refinish the ball fields at Riverside Park, and they take a few moments to join their neighbors on their front steps for an impromptu block gathering – a spring and summer ritual on my block for new arrivals and old timers alike.

SBIC looks forward to this time of year as a chance to do some spring cleaning of our own: we have two clean-ups scheduled for April and, thanks to the mild winter, we are already ahead of the game! Spring also signals the arrival of the festival season and SBIC has a number of ways to get out and meet some of your neighbors in a fun and meaningful environment. I hope that you will consider being "swept up" in the community spirit

and join us for a clean-up, an SBIC social, a meeting, or a youth council event.

Sadly, this will be my last spring in South Baltimore. My husband and I learned last week that we will be relocating to the West Coast so that he can begin his medical residency. We are still reeling from the announcement and, unfortunately, everything must happen very quickly. So quickly, in fact, that this will be my final President's Corner and the April General Meeting will be my last general meeting as president. I cannot possibly put into words how much I will miss my neighbors and our community. It has been such a privilege to be involved in SBIC and to get to know some of the amazing residents who make this area such a rich, vibrant, and thriving community.

South Baltimore, of course, is in wonderful hands and will blossom under the leadership of Lori Hardesty, SBIC's current vice president. Additionally, Lori and the other members of SBIC's board deserve all of the credit for the progress that we have made and they continue to work unbelievably hard on projects and causes that they feel passionately about. Although I am incredibly sad to be leaving this group and South Baltimore as a whole, I know that the work of creating opportunities for neighbors to come together for the betterment of South Baltimore and for each other will continue indefinitely. And so I say to all of you: thank you so very, very much and keep up the incredible work that you are doing!

Changes in the Department of Parks and Recreation have stalled their project for making the ball fields of Riverside Park usable for the community. ## DESIGN REVIEW COMMITTEE

By Steve Zaleskiwicz

The Design Review Committee met with the Architect and Developer of a large number of projects at the South end of our neighborhood, including the following addresses: 1800 Block S. Hanover St. (Billy & Jeff's Auto Parts); 1800 Block of S. Charles (Maryland Glass & Mirror); 2 E. Wells St. (McCall's); and an infill at the vacant lot in the 1600 Block of Light St. There is a proposed mix of residential and retail spaces, and some of the projects would require zoning changes from industrial to residential and mixed use, which would require our Councilman to submit a bill to the City Council for the zoning changes.

At this time, the Committee feels that these projects will greatly improve our neighborhood, but this was a design concept only meeting, and there will be more meetings with drawings and these projects progress.

Please be sure to be at the next General Meeting if you have any questions about these projects.

## STREET SMARTS - *Test Your "Street Smarts" IQ*

### Do you ...

- Jog or walk by yourself early in the morning or late at night when the streets are quiet and deserted?
- Stuff your purse with cash, keys, credit cards, checkbook - and then leave it wide open on a counter, your desk, or the floor?
- Put your wallet in a jacket, which you then hang up or throw over a chair?
- Let your mind wander - thinking about your job, or all the things you have to do - when walking or driving?
- Think it's a waste of time to lock your car when you'll be back in a few minutes?

If you answered "yes" to any of these questions, you need to change a few habits. Even if you answered "no" and made a perfect score, read on. Spend a few minutes now to prevent trouble later.

### Basic Street Sense Wherever You Are:

- Whether on the street, in an office building or shopping mall, driving, waiting for a bus or subway, stay alert and tuned in to your surroundings. Send the message that you're calm, confident, and know where you're going.
- Trust your instincts. If something or someone makes you uneasy, avoid the person or leave.
- Know the neighborhoods where you live and work. Check out the locations of police and fire stations, public telephones, hospitals, and restaurants, or stores that are open late.
- When on foot, stick to well-traveled streets. Avoid shortcuts through wooded areas, parking lots, or alleys.
- Don't flash large amounts of cash or other tempting targets like expensive jewelry or clothing.
- Carry a purse close to your body, not dangling by the straps.
- Put a wallet in an inside coat or front pants pocket, not a back pocket.
- Try to use automated teller machines in the daytime. Have your card in hand and don't approach the machine if you're uneasy about people nearby.
- Have your car or house key in hand before you reach the door.
- Have to work late? Make sure there are others in the building, and ask someone - a colleague or security guard - to walk you to your car or transit stop.
- If you think someone is following you, switch direction or cross the street. Walk toward an open store, restaurant, or lighted house. If you're scared, yell for help.

### And most importantly:

- If Someone tries to rob you, DO NOT RESIST. Give up your property, don't give up your life. Report the crime to the police and do your best to try and describe the attacker accurately. Your actions can help prevent others from becoming victims.

# C.O.P. WALKS

Are you worried about crime in the neighborhood? You can change things by getting together with neighbors who share your worries. Anyone and everyone can take the most basic actions, like reporting suspicious behavior or crimes in progress to the police. Whatever the contribution of time, energy, talent, and resources you can make, small or large, it will help! Citizens on Patrol (COP) is just one way you can help in making our streets smarter and safer. Take a stand and help protect your neighborhood!

## About the Play

Pulitzer Prize-winner August Wilson completes his monumental examination of the 20<sup>th</sup>-century African American experience, revisiting the terrain that he has woven into theatrical legend. It's Pittsburgh, 1997. Mayoral hopeful Hammond Wilks and business partner Roosevelt Hicks have a surefire plan to revitalize the decrepit Hill District of their youth. Standing in their way is the mythic house at 1839 Wylie Avenue and the man who claims it. Will commerce or culture overcome? This final chapter—depicting a fragile community wrestling with the temptations and the risks of paving over its heritage—shows that while the challenges change, the struggle endures.

Already knows sit on command and she has been trained to heel on leash -- staying by your side on her walks! Good on car rides, loves playing with other dogs and good around dog-savvy children. Appears to be housetrained.

Sneaky is an 8-month old beautiful gray and white striped tabby with white eyeliner. Loves to curl up in small places up high and watch activities below. Affectionate as well! Brought to the shelter on February 4th because their family no longer wanted them. They can be adopted together or separately.
